CHAPTER VII INSPECTION AND AUDIT

Board's right to inspect and investigate

52. (1) The Board may appoint one or more persons as Inspecting Officer to undertake the inspection of the books of account, records, documents and infrastructure, systems and procedures or to investigate the affairs of the trustee and Collective Investment Management Company for any of the following purposes, namely:

- (a) to ensure that the books of account are being maintained by the Collective Investment Management Company in the manner specified in these regulations;
- (b) to ascertain whether the provisions of the Act and these regulations are being complied with by the trustee and Collective Investment Management Company;
- (c) to ascertain whether the systems, procedures and safeguards followed by the Collective Investment Management Company are adequate;
- (d) to investigate into the complaints received from the investors or any other person on any matter having a bearing on the activities of the trustee and Collective Investment Management Company.

Notice before inspection and investigation

53. (1) Before ordering an inspection under regulation 52 the Board shall give not less than ten days' notice to the Collective Investment Management Company or trustee as the case may be.

(2) Notwithstanding anything contained in sub-regulation (1), where the Board is satisfied that in the interest of the investors no such notice is required to be given, it may, by an order in writing direct that such inspection or investigation be taken up immediately without any notice.

(3) During the course of inspection or investigation, the trustee or Collective Investment Management Company against whom the inspection or investigation is being carried out shall be bound to discharge his obligations as provided in regulation 54.

Obligations during inspection and investigation

54. (1) It shall be the duty of the trustee or Collective Investment Management Company whose affairs are being inspected or investigated, and of every director, officer and employee thereof, to produce such books, accounts, records, and other documents in its custody or control and furnish him such statements and information relating to the activities as trustee or Collective Investment Management Company, as the inspecting officer may require, within such reasonable period as the inspecting officer may specify.

(2) The trustee or Collective Investment Management Company shall allow the inspecting officer to have a reasonable access to the premises occupied by it or by any other person on its behalf and also provide necessary infrastructure for examining any books, records, documents, and computer data in the possession of the trustee and Collective Investment Management Company or such other person and also provide copies of documents or other materials which in the opinion of the inspecting officer are relevant for the purpose of the inspection.

Submission of report to the Board

55. The inspecting officer shall, on completion of the inspection or investigation, submit a report to the Board:

Provided that if directed to do so by the Board, he shall submit interim reports also.

¹⁹⁷Action on inspection or investigation report

56. The Board or the Chairman shall after consideration of inspection or investigation report take such action as the Board or Chairman may deem fit and appropriate including action under ¹⁹⁸Chapter V of the Securities and Exchange Board of India (Intermediaries) Regulations, 2008].]

Appointment of Auditor and recovery of expenses

57. (1) Without prejudice to the provisions of regulation 52, the Board shall have the power to appoint an auditor to inspect or investigate, as the case may be, into the books of account or the affairs of the trustee or Collective Investment Management Company in respect of ¹⁹⁹[collective investment scheme]s :

Provided that the Auditor so appointed shall have the same powers of the inspecting officer as stated in regulation 52 and the obligation of the Collective Investment Management Company or trustee and their respective employees in regulation 54, shall be applicable to the inspection under this regulation.

Payment of inspection fees to the Board

(2) The Board shall be entitled to recover such expenses including fees paid to the auditors as may be incurred by it for the purposes of inspecting the books of account, records and documents of the trustee or Collective Investment Management Company.

(ii) Subscription list for the ³²⁴[collective investment scheme] shall be kept open for not more than 90 working days and this fact should be disclosed in the offer document.

Retention of Oversubscription

36. The quantum of issue shall not exceed the amount specified in the offer document. However, an oversubscription to the extent of 10% of the amount mentioned is permissible for the purpose of rounding off to the nearer multiple of 100 while finalising the allotment.

37. Updation of Offer Document

(i) The Collective Investment Management Company should ensure that the particulars (audited statement) contained therein should not be more than 6 months old from issue opening date.

(ii) Restrictions, if any, on transfer and transmission of units.

(iii) Tax treatment of Investments in vs. A detailed write-up on the various tax benefits that are available and the taxes that are charged to the unit holders in the ³²⁵[collective investment scheme]s.

38. Basis of Allotment

In each and every issue of units to the public that has been oversubscribed, the Collective Investment Management Company and the Registrar to an Issue, shall ensure that allotments are made in the following manner :

(a) Proportionate allotment procedure:

The allotment shall be subject to allotment in marketable lots, on a proportionate basis as explained below:

(i) Applicants will be categorised according to the number of units applied for.

(ii) The total number of units to be allotted to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of units applied for in that category (number of applicants in the category × number of units applied for) multiplied by the inverse of the oversubscription ratio as illustrated below :

Total number of applicants in category of 100s - 1,500

Total number of units applied for - 1,50,000

Number of times oversubscribed - 3

Proportionate allotment to category - $1,50,000 \times 1/3$

³²⁴ Substituted by the SEBI (Collective Investment Schemes) (Amendment) Regulations, 2014, w.e.f. 9-1-2014.

³²⁵ Substituted by the SEBI (Collective Investment Schemes) (Amendment) Regulations, 2014, w.e.f. 9-1-2014.

$$= 50,000$$

Number of the units to be allotted to the successful allottees will be arrived at on a proportionate basis i.e., total number of units applied for by each applicant in that category multiplied by the inverse of the oversubscription ratio.

Number of units applied for by – 100 each applicant

Number of times oversubscribed - 3

Proportionate allotment to each successful applicant - $100 \times 1/3 = 33$

(to be rounded off to 100)

(iii) All the applications where the proportionate allotment works out to less than 100 units per applicant, the allotment shall be made as follows:

*Each successful applicant shall be allotted a minimum of 100 units; and

(iv) *The successful applicants out of the total applicants for that category shall be determined by drawal of lots in such a manner that the total number of units allotted in that category is equal to the number of units worked out as per (ii) above.

(v) If the proportionate allotment to an applicant works out to a number that is more than 100 but is not a multiple of 100 (which is the marketable lot), the number in excess of the multiple of 100 would be rounded off to the higher multiple of 100 if that number is 50 or higher. If that number is lower than 50, it would be rounded off to the lower multiple of 100. (As an illustration, if the proportionate allotment works out to 250, the applicant would be allotted 300 units. If however the proportionate allotment works out to 240, the applicant would be allotted 200 units). All applicants in such categories would be allotted units arrived at after such rounding off.

(vi) If the units allocated on a proportionate basis to any category is more than the units allotted to the applicants in that category, the balance available units for allotment shall be first adjusted against the category comprising applicants applying in number of units and thereafter the remaining, if any surplus still remains, should be adjusted to next higher category and so on till the surplus is fully used.

(vii) As the process of rounding off to the nearer multiple of 100 may result in the actual allocation being higher than the units offered, it would be necessary to allow a 10% margin i.e., the final allotment may be higher upto 110% of the size of the offering.

39. The Date of the Offer Document

The date of the offer document shall be reckoned to be the date when the offer document was filed with the Board.

40. Trust Deed

(a) The offer date shall mention the date of, and parties to, the trust deed relating to the collective investment scheme.

Provided further that Collective Investment Management Companies shall adopt full trail model of commission in all schemes, without payment of any upfront commission or upfronting of any trail commission, directly or indirectly, in cash or kind, through sponsorships, or any other route.]

PART II - ACCOUNTING NORMS

Plantation ³⁵⁴[collective investment scheme]

1. Accounting norms for plantation ³⁵⁵[collective investment scheme]

2. Unit Capital

2.1 All amounts received from an investor, by whatever name called, during the period the ³⁵⁶[collective investment scheme] is open for subscription shall be treated as towards the sale of units of the ³⁵⁷[collective investment scheme] and shall be accounted as Unit Capital.

2.2 Unit capital will be disclosed in the Balance Sheet of the ³⁵⁸[collective investment scheme] under the head “Sources of Funds” (in the same manner as Share Capital in the case of a limited company). No portion of Unit capital shall be apportioned to revenue or to any other account under any circumstances.

3. Costs Relating to Land

3.1 Land Acquired with Ownership Rights should be accounted as a Fixed Asset in accordance with Accounting Standard 10 (‘AS-10’) on “Accounting for Fixed Assets” issued by ICAI. In respect of land with ownership rights, the cost of the land should be amortised over the ³⁵⁹[collective investment scheme] period by way of a suitable charge to ‘Crop Development Expenses’.

3.2 Land acquired under lease may either be against:

- Payment of (non-refundable) premium; or
- Payment of monthly or periodic lease rentals

³⁵⁴ Substituted by the SEBI (Collective Investment Schemes) (Amendment) Regulations, 2014, w.e.f. 9-1-2014

³⁵⁵ *ibid.*

³⁵⁶ *ibid.*

³⁵⁷ *ibid.*

³⁵⁸ *ibid.*

³⁵⁹ *ibid.*

Land acquired against payment of non-refundable premium should be accounted as a Fixed Asset and separately disclosed in the Fixed Assets schedule. Such premium paid for leasehold land should be capitalised as cost of land and amortized over the lease period or the period of the sc³⁶⁰[collective investment scheme], whichever is less.

In respect of land acquired against the payment of periodic lease rentals, such amounts shall be charged to the profit and loss account. The following disclosures are required in the financial statements:

- Period of Lease
- Owner of land
- Relationship of owner with trustees and directors of CIMC
- If lease period is shorter than tenure of the ³⁶¹[collective investment scheme], the period of lease and conditions for future renewals of lease.

3.3 Land Development Expenses

These include expenses on :

- New access roads and fencing
- Major changes in land contours
- Levelling, uprooting and terracing
- Regular upkeep and maintenance of land

Expenses of a capital nature should be added to the cost of land.

In case of leasehold land, these expenses should be written off over the period of the lease or the period of ³⁶²[collective investment scheme], whichever is less.

Expenses of a revenue nature should be charged to the Profit and Loss Account in the year in which they are incurred.

3.4 Infrastructure and other facilities shall include :

- Roads and Fencing
- Security and Research and Development Buildings
- Drip Irrigation systems, water systems
- Agriculture Equipments and Production facilities

These should be accounted as Fixed Assets in accordance with AS-10 on “Accounting for Fixed Assets” issued by ICAI.

3.5 IAS 36 requires that impairment losses in respect of assets should be recognised. Impairment arises whenever an asset’s carrying amount exceeds its recoverable amount. All impairment losses should be provided for.

3.6 In case such assets are taken on lease, then the amounts spent should be accounted on the same basis as mentioned in Paragraph 3.2 and the disclosure requirements mentioned therein will also apply.

4. Fixed Assets (other than land and related infrastructure facilities)

³⁶⁰ *ibid.*

³⁶¹ Substituted by the SEBI (Collective Investment Schemes) (Amendment) Regulations, 2014, w.e.f. 9-1-2014.

³⁶² *ibid.*

4.1 Such Fixed Assets should be accounted in accordance with AS-10 on “Accounting for Fixed Assets” issued by ICAI – Basically that the cost of a fixed asset comprises its purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

4.2 These assets should be depreciated as per Schedule XIV to the Companies Act, 1956.

4.3 Capital Subsidies received should be accounted as per Accounting Standard (‘AS’) – 12 on “Accounting for Government Grants” issued by ICAI – Basically that the recognition of a grant should depend on assurance of the compliance of conditions and certainty of receipts and grants relating to specific fixed assets should be deducted from the gross value of assets in arriving at their book value.

4.4 As required by IAS 36, impairment losses in respect of assets should be recognised. Impairment arises whenever an asset’s carrying amount exceeds its recoverable amount.

4.5 In case such assets are taken on lease, then the amounts spent should be accounted on the same basis as mentioned in Paragraph 3.2 and the disclosure requirements mentioned therein will also apply.

5. Crop Development Expenses

5.1 There are generally expenses incurred for development and upkeep of crop. This includes expenses on:

- Soil Manuring.
- Sapling and crop Plantation.
- Regular maintenance and upkeep of crop.
- Lease rentals paid for land and for any other assets directly attributable to crop development.
- Amount proportionately amortised over the ³⁶³[collective investment scheme] period relating to cost of land.
- Depreciation and maintenance of fixed assets directly attributable to crop development.
- Other expenses directly attributable to crop development.

These expenses should be accounted as “Crop Development Expenses”. They should be disclosed as a separate item appearing between “Fixed Assets” and “Current Assets” in the Balance Sheet.

5.2 The total of Crop development expenses at the end of the year should be compared with Net Realisable Value (‘NRV’). NRV would generally mean the amount that would be realised in the normal course, in case the standing crops are disposed of on that day. NRV can be determined on the basis of estimated selling price in the ordinary course of business less estimated cost to be incurred in future for bringing the crop to maturity, and the cost necessarily to be incurred to make the sale. In case the NRV is lower than the total of the crop development expenses at the year end, then a suitable provision for the difference between these two figures should be made and disclosed as follows :

Crop Development Expenses (At Cost)	X
Less : Provision for diminution in value	Y

³⁶³ Substituted by the SEBI (Collective Investment Schemes) (Amendment) Regulations, 2014, w.e.f. 9-1-2014.

5.3 The crop development expenses and the provision for diminution will be carried forward to the next year at gross values. A similar exercise would be done at the end of each year. In case the NRV at the end of the second or subsequent year is greater than/or equal to cost in the respective year, then it will be possible to recoup the provision account by transferring it to the credit of Profit and Loss Account only to the extent such a provision was made in the past. The basic principle of valuation at lower of Cost or NRV, would still hold good every year. In case the crop is at such a stage that it is not possible to determine NRV, these expenses should be valued At Cost and a suitable disclosure to that effect should be made in the financial statements. These expenses will be set off against income arising from the sale of crops, either in stages or at the terminal point.

5.4 Considering the peculiar nature of this expenditure and the long production cycle, “Crop Development Expenses” should be separately disclosed between “Fixed Assets and Current Assets” as discussed in Paragraph 5.1 above.

6. Investments

6.1 All investments should be carried at lower of cost and fair value determined either on an individual investment basis or by category of investment, but not on an overall (or global) basis.

6.2 In respect of quoted investments, market value generally provides the best evidence of fair value.

6.3 Unquoted investments in debt instruments should be valued on a yield to maturity basis, the capitalisation factor being determined for comparable traded investments and with an appropriate discount for lower liquidity.

7. Inventory Valuation

Inventories other than Crop Development Expenses should be valued as per the basic principles laid down by AS 2 on Inventory Valuation – Inventory should be valued at the lower of cost and net realisable value and the Accounting Policy for valuation should be disclosed in the financial statements.

8. Revenue Recognition

8.1 Revenue should be recognized as per Accounting Standard (‘AS’) – 9 on “Revenue Recognition” issued by Institute of Chartered Accountants of India, to the extent it is applicable – Revenue should be recognised only if there is a reasonable certainty of collectibility or measurability.

8.2 Income would generally arise from the following sources:

- Sale of Crops - the sale proceeds of crops arising at periodical intervals should be accounted during the year in which the sale has been effected. The cost allocable to such sale proceeds should be set off against the crop development expenses account and the surplus, if any, should be transferred to Profit and Loss account.

- Sale of Residuals and Scraps - the sales proceeds shall be accounted as income in the year of sale and credited to Profit and Loss account.
- Income from Investments - income arising out of investments of surplus bank balances, etc. shall be accounted on a time proportion basis taking into account the amount outstanding and the rate applicable.
- Dividend from Investments - dividends, if any, will be recognized when the right to receive payment is established.
- Sale of Standing Crops at terminal point - sale proceeds/transfer value of the standing crops at the terminal point shall be accounted as and when they are disposed off/transferred. The profit arising on such transactions over the book value shall be accounted at the point of sale/disposal; this should be set off against the crop development expenses.

9. Expenses

9.1 Expenses other than Crop Development Expenses can be broadly classified as under:

- Initial Marketing and Launch Expenses
- Normal Business Expenses

9.2 Initial issue expenses

Initial issue expenses may be treated as deferred revenue expenses to be written off over eight years or duration of the ³⁶⁴[collective investment scheme] whichever is earlier.

9.3 Normal Business Expenses would include:

- Registrar services for transferor of units sold or redeemed
- CIMC and trustee Fees
- Depreciation
- Audit Fees
- Subsequent Rating and Appraisal Fees
- Listing Fees
- Other costs, (if any), which are incidental for the operation of the ³⁶⁵[collective investment scheme], as may be approved by trustees.

These expenses shall be treated as an expense of the year in which they are incurred and written off to the Profit and Loss Account.

10. Returns to Investors

10.1 Interim Returns to investors in respect of CIS can be paid only out of the distributable surplus of the CIS. Interim Returns can be paid only in cash and not in kind.

10.2 “Distributable surplus” means the profits of the CIS after:

- Providing for all expenses on accrual basis including depreciation as discussed in paragraph 4.2 above
- Providing for diminution in value of crop development expenses as discussed in paragraph 5.2 above

³⁶⁴ Substituted by the SEBI (Collective Investment Schemes) (Amendment) Regulations, 2014, w.e.f. 9-1-2014.

³⁶⁵ *ibid.*

- Fully setting off the debit balance in Profit and Loss account, if any
- Transferring 50% of the remaining balance to a separate reserve called “Special Reserve”

10.3 The amount of interim returns distributed to investors should not exceed the distributable surplus.

10.4 The balance in the Special Reserve cannot be utilised for any purpose except for distribution to unit holders at the termination of the ³⁶⁶[collective investment scheme].

10.5 At the end of the tenure of the ³⁶⁷[collective investment scheme], the surplus of the ³⁶⁸[collective investment scheme], if any, shall be calculated on the basis of realisable value of all the assets, including land, of the ³⁶⁹[collective investment scheme]. The surplus of the ³⁷⁰[collective investment scheme] distributed in cash shall be in proportion to unit capital.

ACCOUNTING NORMS: LIVESTOCK ³⁷¹ [COLLECTIVE INVESTMENT SCHEME]

1. Costs relating to owned land

1.1 Land acquired with ownership rights should be accounted as a Fixed asset in accordance with Accounting Standard 10 (AS-10) on “Accounting for Fixed Assets” issued by ICAI.

1.2 Cost of such land should not be amortised over the ³⁷²[collective investment scheme] period (refer paragraph 2.3 above).

2. Livestock development expenses

2.1 There are generally expenses incurred on rearing and development of livestock including maintenance and upkeep. This includes expenses on:

- Cost of base stock.
- Food costs.
- Medicines and other maintenance.
- Cost of artificial insemination.
- Lease rentals paid for land and for any other assets directly attributable to livestock development.
- Depreciation and maintenance of fixed assets directly attributable to livestock development.
- Any other expenses directly attributable to livestock development.

³⁶⁶ Substituted by the SEBI (Collective Investment Schemes) (Amendment) Regulations, 2014, w.e.f. 9-1-2014.

³⁶⁷ *ibid.*

³⁶⁸ *ibid.*

³⁶⁹ *ibid.*

³⁷⁰ *ibid.*

³⁷¹ *ibid.*

³⁷² *ibid.*

These expenses should be accounted as “Livestock Development Expenses”. They should be disclosed as a separate item appearing between “Fixed Assets” and “Current Assets” in the balance sheet. (Reference is invited to Paragraph 5.1).

2.2 Valuation of livestock development expenses and provision for diminution in value would be in the same manner as in respect of crop development expenses which is discussed in Paragraphs 5.2 and 5.3.

3. Livestock Trading

3.1 Separate quantitative information should be maintained in respect of livestock that is procured for resale without being used in rearing/development activity. An annual trading account should be prepared in respect of Livestock traded during the year (which shall be exclusive of Livestock under rearing/development).

3.2 A suitable annual charge should be made in respect of cost of maintenance etc. of the livestock which remained for trading purpose only.

The cost of maintenance etc. to be charged to the livestock trading account shall be calculated on the basis of quantitative proportion of livestock held under rearing/development and for trading.

4. Valuation of by-products

4.1 Inventory of by-products at the year end (*i.e.*, manure in case of Goat, eggs in case of Poultry etc.) should be carried at “lower of cost or market value”.

4.2 Cost of by product shall be calculated on the basis of specific cost incurred on the by-product after the point of separation to make it marketable.

PART III -FORMAT OF FINANCIAL STATEMENTS

Basic Framework relating to Financial Statements

1. Scheme wise financial statements

1.1 Broadly, financial statements would consist of

- Balance sheet
- Revenue account

1.2 These should be prepared schemewise

2. Contents of scheme wise Balance sheet

2.1 Asset side of the balance sheet

The assets of the balance sheet shall be grouped into the following categories :

- Fixed assets
- Investments

- Crop development expenses
- Current assets
- Deferred revenue expenditure

I. Fixed assets

Cost, accumulated depreciation and net block should be disclosed for each of the following:
